STORIES FROM BEHIND THE LENS

FRIDAY, JANUARY 19, 2024
LONE TREE ARTS CENTER

FEATURING NATIONALLY RENOWNED SPORTS PHOTOGRAPHER JEAN FRUTH

Sports photographer Jean Fruth does more than take pictures. She tells stories. With a diverse portfolio in portraiture and sports of all kinds, Jean is devoted to capturing the dynamism of her subjects and revealing the stories behind the images — of colorful personalities, local cultures, and distinctive communities. What drives Jean in this stage of her career — her home base — is to apply her visuals to her vision, and to match her pictures with her purpose: namely, to serve communities through her storytelling. In 2019, Jean co-founded Grassroots Baseball, a non-profit that promotes and celebrates the amateur game around the globe, with a singular aim: to grow interest and participation at the youngest

levels. That year-round shooting schedule squares nicely with her commitment as a traveling photographer for La Vida Baseball and La Vida Sports, digital media companies that share the stories of Latino sports across the United States and Latin America through original video, writing, and social content.

ABOUT THE CHANGEMAKER LUNCHEON

More than a showcase of the caliber of artist that visits Lone Tree on a regular basis, the Changemaker Luncheon supports the remarkable programming of the Lone Tree Arts Center.
